**Subject:** RE: 319 Grant Program for 2015

Good Morning

I am sorry to be a little late sending this out. The pre-proposal application information for the 2015 319 grant program is now available on our website at:  
<http://www.deq.state.or.us/wq/nonpoint/grants.htm>.

We are using a Microsoft Word template (provided on the website) for the pre-proposal. Hopefully this will get around the problems we have had previously with fillable pdf forms. The pre-proposal is due by 5:00 pm, January 26th, 2015. You can send it to me directly via email.

Please let me know if you have any problems with the form or the guidance on the website.

Please call me (541-278-4615) or your basin coordinator (a table of contacts is attached below) to discuss any project proposal ideas before submitting an application.

As I said before, I would be happy to discuss project ideas and/or review any pre-proposals you are working on prior to submission. Just give me a call or send me an email.

Hope you all have a wonderful Thanksgiving holiday.

Take care,

Tonya
